How to Use Common English Words Flashcards

Age group: Up to 6 years old, as long as the child is interested

Preparatory Exercises:

- Relaxation, deep breathing
- Hug the child to show love

Flashing the Cards:

- Speed: 1 to 3 cards per second
- Frequency: Once a day
- Number of word cards per session: (< 3 yrs old) about 3; (>3 yrs old) about 10
- Repetition: Same set of cards over 1 to 5 days, depending on child's interest (replace with new cards before child is bored)
- Use light-coloured thumb cover, if needed
- Clear pronunciation
- Face the child; let her see your face and lips
- Practise in front of a mirror to build confidence

Lesson Plan Ideas:

- Flash funny sentences: mix picture and word cards to form a funny sentence
For example:
the (word) apple (picture) is (word) on (word) mummy (picture)
- An older child who needs reinforcement on high frequency words:
 - flash 10 cards per week
 - play a game with the cards:
 - lay cards on table
 - one player says the word, the other player finds it
 - choose one word card and a beginner's story book with large font
find out how many times the word appears
